LEADERSHIP MESSAGE

Alhamdulillah, what began as a vision to serve a community has grown into something much greater than we could have imagined.

Over the years, McLean Islamic Society has become a place where families connect, children learn, relationships grow, and faith is nurtured. None of this would be possible without the dedication of our volunteers, the generosity of our donors, and the continued support of our community.

As we reflect on how far we've come, we recognize that growth brings responsibility. ***Our vision is not simply to do more programs, but to build a lasting institution that can serve generations to come.***

As we look ahead, we invite you to be part of that journey. Together, we can build the future of McLean Islamic Society.

YOUTH & CHILDREN'S PROGRAMS

Quran Pathways

Launched for the first time this year, Quran Pathways welcomed its inaugural cohort of 5 students.

Beyond Quranic learning, the program creates opportunities for students to grow in their faith, build meaningful relationships, and become an active part of the MIS community.

A small beginning with the potential to grow into something much bigger.

COMMUNITY & FAMILY

Family Night

Creating space for families to connect, build friendships, and strengthen our sense of community. Our monthly Family Nights have continued to grow, bringing together over 100 participants for evenings of food, fellowship, and meaningful connections. What started as a community gathering has become a regular opportunity for families to feel at home at MIS.

RAMADAN: A NEW CHAPTER OF GROWTH

EXPANDING OUR REACH

1st Fundraiser in Our History

This Ramadan marked several important firsts for MIS as we expanded both our fundraising efforts and our community programming.

Our First Official Ramadan Fundraiser

Launched our first organized Ramadan fundraising campaign, creating a more structured approach to supporting a future home for McLean Islamic Society.

EXPANDING OUR REACH

Ramadan Beyond Our Walls

For the first time, MIS hosted community iftars at off-site venues, creating additional opportunities for families to gather and break their fast together.

We also expanded Saturday night prayers to off-site locations during Ramadan, making congregational worship more accessible and accommodating our growing community.

These milestones reflect MIS's growing capacity to serve our community and create meaningful Ramadan experiences beyond the walls of our masjid.

BEYOND OUR WALLS.

INTO OUR COMMUNITY

As MIS continues to grow, so does the need to reach, inform, and engage our expanding community.

Through our partnership with Mirage, we've taken an important step toward building a more strategic and consistent digital presence. Our content has generated over 2,700 Facebook views, with 92.9% coming from people who don't yet follow MIS — extending our reach beyond our existing community.

With **47 YouTube videos published** and 12 programs promoted, we're building a stronger digital platform to share our work, connect with families, and meet the growing communication needs of our community.

As our community grows, so must the ways we serve and connect with it.

INVESTING IN PEOPLE

DEDICATED PEOPLE. GREATER IMPACT

As MIS grows, so does the need for dedicated leadership and support.

Programs Lead (2025)
Strengthening program development, coordination, and community engagement.

Part-Time Salah Imam (Summer 2026)
Expanding religious services, daily prayers, and spiritual guidance.
These investments strengthen our capacity to serve a growing community.

IMPROVING & PROTECING OUR SPACE

A WELCOMING SPACE. A PROTECTED COMMMUNITY

As our community grows, so does our responsibility to care for the space we call home.
This year, we made important facility improvements and renovations to create a cleaner, safer, and more welcoming environment for worship and community activities.

Our efforts also included strengthening facility security and protecting the space entrusted to us.
A continued commitment to maintaining, improving, and safeguarding our masjid for everyone.

HEART OF THE COMMUNITY

BUILDING A HOME FOR GENERATIONS

As our community continues to grow, so does the need for a space that can support our worship, education, programs, and the generations that will follow us. Securing a permanent home in McLean is a significant undertaking. The cost of real estate in our area makes this a goal that will require careful planning, long-term commitment, and the collective support of our community.

Funds are held in a dedicated account exclusively for the Heart of the Community initiative.This is more than a fundraising goal. It is an opportunity for every member of our community to help build something that will serve generations.

Every contribution matters. Every effort moves us forward.

BUILDING THE FUTURE TOGETHER

A GROWING COMMUNITY.

A SHARED RESPONSIBILITY

Everything we've shared reflects more than a year of programs, events, and improvements. It represents a community that is growing, families looking for connection, children seeking opportunities to learn, and a masjid working to meet those needs.

But growth also brings responsibility. To serve more people, strengthen our programs, invest in our people, and build a lasting institution for future generations.

The next chapter of MIS cannot be built by a few people alone. It takes all of us.

- Participate: Join our programs, attend events, and make MIS part of your family's life.
- Contribute: Support our work through donations, volunteering, and sharing your skills.
- Get Involved: Help shape our programs, serve on committees, and bring new ideas forward.

Our vision is bigger than what we can accomplish today. Let's build it together.

PLANNING TODAY.

PREPARING FOR TOMORROW

1 Year

- Strengthen programs for children, youth, and families.
- Build volunteer, leadership, and staffing capacity.
- Advance relocation efforts and fundraising.

3 Year

- Secure a larger facility to serve our growing community.
- Expand educational, spiritual, and family programming.
- Strengthen operations and financial sustainability.

5 Year

- Work toward acquiring and developing a permanent masjid and community center.
- Establish a space for worship, education, and community services.
- Build lasting leadership and financial foundations.
